During the past week we have been call ed to lament the decease of the venerable Dennis Heartt, so long the editor and proprietor of the Hillsboro' Recorder. Truly 'his grey hairs were crowned with honor' and "he sank into the grave attended by the blessings of all who knew him." We had the good fortune to be able to witness the simple and solemn services of his funeral. They were held in the old Presbyterian church, of which for over fifty years he had been a "ruling elder." They were conducted by the Rev. W. C. Smith, the pastor, who opened with the 624th

"He had the Bible and the Constitution to back him and a revolver in his pocket, and he'd bed-dif he didn't mean to have his rights." In vain the chairman rapped to order; in vain a little creature known as "Jaybird" Jones, a warm friend of Grant's, and anxious for harmony, pointed appealingly to the legend Let us have peace, as borne on some bunting in the hall : 'big yaller" was not to be appeased. Under the flow of his flery eloquence, clubs, sticks, and pistols began to make their appearance. Holden felt for his hat and fled; Pool sent for the police; and Abbott cheered "big yaller" on. Finally the police came and carried Grant's friend off to the watch-house, and Pool assumed the chair. Next day "big yaller," who had gotten out of limbo, appeared in the convention again, but only to find his wing utterly squelched, and no chance left to get in a resolution commendatory of Mr. Grant. The Pool-Holden victory was so complete that there was not even the faintest move made in that direction, and the great, outpouring, enthusiastic North Carolina Radical State Convention ad-

He was once a strong secessionist, just before secession rose in out on that line till he saw the end coming: then he became instant and furious for the Union, did no little to distract and weaken the Confederacy, and built up so loil a reputation that Andrew Johnson made him under the Lincoln-Johnson restoration plan. The General Conference of the Methodist Episcopal Church was called to order at the usual hour, Bishop Marvin presiding. In the General Conference of the M. E. Church, a large number of reports of committees of no general importance were introduced and laid over. Memorials from Louisville and St. Louis, in reference to the removal of the book concern, were reported back for action, and after lengthy discussion withdrawn—the Baltimore dele gation insisting on its removal to that city in a protracted debate, during which Dr. Bond, of Baltimore, intimated that the book concern, like an old ship, if moved would fall to pieces, that its condition would not bear investigation, which was repelled by Drs. Redford and Green. The whole question was finally referred to a

special committee of nine. After considerable debate on the reports followed by prayer, and reading the XV of the committee on education, the following resolution from the minority report

Devilish. At the Radical meeting on Saturday evening last, Dr. Bayne, the colored orator, thanked God for the great calamity that killed about seventy-five persons and wounded double that number in Richmond three weeks ago. Bayne regarded this awful and appalling accident as a visitation of Providence upon the white race in Virginia. These sentiments were warmly and londly applanded by the mass of sable listeners, and strange to say, there were in that audience men whose faces were white, who acquiesced in Bayne's sentiment and in the applause which followed its utter-ance, without attempting to correct or reprove this worse than cannibal feeling, which gloated over the destruction of the lives of so many human beings, - Norfolk
